## Cambodia's Appeal for International Conference on Border Issue with Thailand

Prime Minister Samdech Akka Moha Sena Padei Techo Hun Sen addresses the audiences over the launching ceremony of the National Program for Sub-National Democratic Development (2010-2019)

Phnom Penh, August 10, 2010 AKP —

Samdech Akka Moha Sena Padei Techo Hun Sen, Prime Minister of the Kingdom of Cambodia,

has called for an international conference on Cambodia-Thailand border issue.

The appeal was made a day after he

sent letters to UN General Assembly President Ali Abdussalam Treki and UN Security Council President Vitaly Churkin complaining about Thailand's threat to use both diplomatic and military means to resolve the border dispute with Cambodia.

"I am appealing to hold an international conference on Cambodia-Thailand border conflict," said the Cambodian pre-

mier while presiding over the dissemination ceremony of the National Program for Sub-national Democratic Development held here on Aug. 9 at Koh Pich conference center.

"The bilateral mechanism would not work anymore. We need to resort to multilateral mechanism. We call upon the ASEAN member countries, the UN and other countries including the country members of the Paris Peace Accords," he explained...

## PM: Cambodia's Economic Growth Will Be at 5 Percent

Phnom Penh, August 6, 2010 AKP —

Prime Minister Samdech Akka Moha Sena Padei Techo Hun Sen said Cambodia's economic growth is expected to reach five percent this year.

Samdech Techo

Hun Sen told the participants during a university graduation ceremony in Phnom Penh on Wednesday.

Cambodia is trying its best to be an exporting country. Cambodia has been exporting to America, the EU, and

Canada, but we have to expand our market to the Middle East, and the regional market including Japan, South Korea, China, and India as well, said the Cambodian premier.

One of the main exported products is

agricultural one, especially rice.

"This year, we have 3.5 million tons of paddy surplus and around 4 million tons by 2015, but we have to improve our packing technology and rice millers," Samdech Techo Hun Sen said. —AKP

## Cambodian Premier Presides Over the Closing of the 5<sup>th</sup> CRC General Assembly

Phnom Penh, August 6, 2010 AKP —

Prime Minister Samdech Akka Moha Sena Padei Techo Hun Sen called on the government institutions, private sectors, civil societies, NGOs and associations to join all together to reach the strategic plan of the Cambodian Red Cross (CRC).

Samdech Techo Hun Sen made the remarks, while presiding over the closing of the 5<sup>th</sup> CRC General Assembly held at Chaktomuk Conference Hall in Phnom Penh on Aug. 5.

Samdech Techo Hun Sen presents a bunch of flowers to Madame Bun Rany Hun Sen while she is being re-elected President for the fifth term of the Cambodian Red Cross

“Achievement and success that CRC has made during the 4<sup>th</sup> mandate,

like those during 55 years ago, could not be decoupled from participations

from Their Majesties Heroic King Father and Queen Mother of the Khmer Nation, Honorary President of the CRC and His Majesty Preah Bat Samdech Preah Boromneath Norodom Sihamoni, the King of Cambodia for continuous attention to lives of the people, children, grand children, great grand children and the vulnerable at everywhere for which Their Majesties always donate their own assets to help victims of disaster through CRC,” he said...

## Cambodia, Iran Agree to Boost Ties

His Excellency Mr. HOR Namhong, Deputy Prime Minister and Minister of Foreign Affairs and International Cooperation

Phnom Penh, August 11, 2010 AKP —

Iran and Cambodia agreed on Tuesday to boost bilateral ties in di-

verse areas, Chinese News Agency Xinhua reported.

Iranian Foreign Minister Manouchehr Mottaki and his Cambodian coun-

terpart Hor Namhong stressed the need of expansion of ties in the diverse areas of political, economic and diplomatic.

Mottaki said in a joint press conference with Hor Namhong that Iran and Cambodia have initiated a new era of economic and close political cooperation within the international arena.

The two sides discussed several issues such as trade, tourism, investments and holding fairs in each other's countries, cooperation in tariffs, facilitating taxation regulations and participating in joint ventures, said Mottaki.

For his part, Hor Nam-

hong said he discussed regional and international issues with his Iranian counterpart. The situation in Iraq and Afghanistan and the Palestinian issue were discussed and both countries shared the position that war is not the solution to the problems in these countries, he added.

Iran and Cambodia stressed their willingness to bolster bilateral ties in the areas of economy and energy, he said.

The Cambodian minister arrived in Iran on Tuesday for a two-day visit. He is also to meet with Iranian President Mahmoud Ahmadinejad. —AKP

## Special Issues :

## Statement of the Ministry of Foreign Affairs and International Cooperation

Phnom Penh, August 9, 2010 AKP —

The Ministry of Foreign Affairs and International Cooperation of the Kingdom of Cambodia has issued a statement in response to Thai Prime Minister Abhisit Vejjajiva quoted by a Thai media as saying that Thailand “will use both democratic and military means” to settle the border issue with Cambodia.

The full statement dated Aug. 7 reads as follows:

“According to the Thai newspaper ‘The Nation’ today, during the meeting with the

‘People’s Alliance for Democracy’, the Prime Minister of Thailand said as quoted by the Nation ‘...About the land encroachment, we will cancel the MOU if the problem can’t be settled. We will use both democratic and military means.’

If the Prime Minister of Thailand had indeed pronounced these words, the Ministry of Foreign Affairs and International Cooperation of the Kingdom of Cambodia would like to draw the international public’s attention on the followings:

First, Article VIII of the 2000 MOU between

Cambodia and Thailand stipulates: ‘Any dispute arising out of the interpretation or application of this Memorandum of Understanding shall be settled peacefully by consultation and negotiation’.

Therefore, if Thailand UNILATERALLY cancels the MOU, Thailand will flagrantly violate this bilateral legal document. This would show clearly Thailand’s violation of the international law.

Secondly, with regard to the wordings ‘...We will use both democratic and military means’, they

constitutes clearly a threat to use its military force against Cambodia to ‘settle’ the problem of demarcation of the border between the two countries, where both countries are bound by international legal documents. This also shows clearly the true color of the government of Thailand of the so called Democratic Party.

Cambodia reserves its legitimate rights to safeguard its sovereignty and territorial integrity against any deliberate acts of aggression.” — AKP

## World Heritage Committee (WHC) Supports UNESCO to Work with Cambodia over Conservation of Preah Vihear

Deputy Prime Minister H.E. Sok An, Minister in charge of the Office of the Council of Ministers holds a press conference at Phnom Penh International Airport on August 7 upon his returning from the participation of the 34<sup>th</sup> World Heritage Committee Meeting held in Brasilia, Brazil.

Phnom Penh, August 9, 2010 AKP —

Deputy Prime Minister Sok An said on Saturday that the World Heritage Committee (WHC) is asking the United Nations Educational, Scientific, and Cultural Organization (UNESCO) to support Cambodia to go ahead with the management plan of Preah Vihear by establishing an international coordinating committee (ICC) for the sustainable conservation for the U.N. listed temple of Preah Vi-

hear in 2008, according to the Press and Quick Reaction Unit of the Office of the Council of Ministers.

Speaking at the Phnom Penh International Airport upon his return from the 10-day meeting in Brasilia in Brazil, where 187 countries attended the 34<sup>th</sup> Session of the WHC, the Deputy Prime Minister said “the World Heritage Committee has requested Cambodia to cooperate with UNESCO...

## Cambodian Garment Industry More Competitive, Experts Say

Phnom Penh, August 9, 2010 AKP —

Experts said last Thursday that the improvement of productivity in Cambodia's garment industry has helped this country to be more competitive with other least-development countries in the region.

"Cambodia has a success in the improvement of labor productivity in the last few years – better than that in Bangladesh," Tatsufumi Yamagata, director of the Institute of Development Economies (IDE) - Japan External Trade Organization

(JETRO) was quoted as saying by Chinese News Agency Xinhua at a seminar on the Situation of Cambodia Garment Industry in 2010 held last Thursday in Phnom Penh.

"Cambodia's garment sector also recovered from the global financial crisis faster than that in Bangladesh," he said.

Sok Hach, president of the Economic Institute of Cambodia (EIC), in the seminar said that Cambodia's garment industry still stands strong for decades although it was impacted by the crisis in the last two

years.

"I think that the garment industry is still alive even it is not quite fast growth as it was in the past," he said. "The sector is strong enough and more competitive – it can not die."

He expressed his optimism that the sector will be improved both quality and productivity. "More foreign investors are still seeking to invest in the garment industry in Cambodia," he said.

The seminar was attended by about 60 of economists, members of

Garment Manufacturers Association of Cambodia, NGOs, and government officials.

It was organized by Economic Institute of Cambodia (EIC), Institute of Development Economies (IDE) - Japan External Trade Organization (JETRO).

Garment and textile exports increased by 11 percent to US\$1.33 billion in the first half of 2010, from US\$1.2 billion in the same period in 2009, according to the Commerce Ministry's figure published recently. —AKP

## Cambodia, VN Cooperate on Drug Control

Phnom Penh, August 11, 2010 AKP —

The Vietnamese National Assembly supports exchanges and cooperation with Cambodia in drug control, said Vietnamese NA Chairman Nguyen Phu Trong quoted by Vietnam News Agency (VNA).

Vietnamese NA Chairman Trong made the commitment while receiving the visiting delegation of the Cambodian National Committee for Drug Control headed by Deputy Prime Minister and the committee's Chairman Ke Kim Yan in Hanoi on Aug. 10.

NA Chairman Trong expressed his pleasure at the fine development of cooperation between the two countries in recent

years, not only in the economy, trade and investment, but also in fighting crime and drugs.

He informed his guests that Vietnam has carried out many drastic measures to prevent and fight drugs by raising people's awareness in the danger of drugs, building a strong legal system and developing the drug control program into a national target program to mobilize people power. However, Trong added, drug control was a long-lasting and tough fight which needs common efforts and close cooperation between nations, especially neighboring ones like Vietnam and Cambodia.

Cambodian Deputy PM Ke Kim Yan expressed thanks to the Vietnamese

Government and people for effective assistance in many fields, including drug control. The two sides also cooperated in ensuring political security and social order in the border areas between the two countries, he said.

He expressed his wish to learn from Vietnam's experiences in national development and affirmed that Cambodia was ready to coordinate with Vietnamese relevant agencies and localities to fight drug evils.

The same day, said VNA, the Cambodian delegation was received by Vietnamese Deputy Prime Minister Truong Vinh Trong, who is also Chairman of the National Committee for AIDS, Drug and Prostitution Pre-

vention and Control.

Vietnamese Deputy PM Trong briefed the Cambodian delegation about Vietnamese works in drug control and stressed that international cooperation, including coordination with Laos and Cambodia, contributed markedly to reduce trading of drugs across border.

In the area of treatment of drug addicts, Vietnamese Deputy PM Trong said Vietnam had, on a trial basis, used methadone medicine in detoxification in Ho Chi Minh City and Hai Phong city and got good results...

### Cambodia's Appeal for International Conference...

Samdech Techo Hun Sen further stressed that Thailand has violated the joint discussion [agreed by the two countries] to settle bilaterally the border problem. "Thailand has internationalized the border issue at the Preah Vihear Temple area in Spain in 2009 and in Bra-

zil this year," he recalled.

"It is not a joke when a country's prime minister mentions about using military forces against other country," said the Cambodian premier, adding that Thai prime minister has violated the articles 2.3 and 2.4 of the UN Charter when he threatened to use military forces against Cambodia.

Samdech Techo Hun Sen reaffirmed Cambodia's constant policy not to use armed forces to

settle any problem with neighboring countries, but, he said, Cambodia reserves its legitimate rights to defend its sovereignty and territorial integrity in case of deliberate acts of aggression.

The Cambodian prime minister took the opportunity to deny an information saying that he has authorized the organization of the hatred day against Thailand. "Cambodia has no hatred day against Thailand," he

said, affirming that any gathering to demonstrate against Thailand is not allowed in Phnom Penh.

He finally underlined that the border tension between the two neighboring countries was not due to the listing of the Khmer sacred Preah Vihear Temple as a World Heritage Site, but to the Thai encroachment on Cambodia on July 15, 2008. —AKP

### Cambodian Premier Presides...

"The Royal Government will continue to provide its full support to the CRC, in terms of policy, legal and supporting mechanism, material and finance, and encourage the CRC to

succeed in the implementation of its 2011-2020 Strategy," he said.

The Cambodian premier also appreciated CRC for its role as a partner with the royal government in raising the public awareness of the danger of mines and UXOs, making the development of water supplies and upholding

health care service for the people with equity in response to meeting the demand for the society, especially sharing with the Royal Government in the poverty reduction and the increase of the humanitarian value.

The 5<sup>th</sup> General Assembly takes place for two days, during which Lok

Chumteav Bun Rany Hun Sen was re-elected as the CRC president for the 2010-2014 term in humanitarian activities.

The 5<sup>th</sup> General Assembly also discussed and adopted 23 members of the central committee and 3 substitutes. —AKP

## Cambodia Marks First Anniversary of Inscription of Tuol Sleng Archives on UNESCO's Memory of the World Register

Phnom Penh, August 10, 2010 AKP —

The Cambodian Ministry of Culture and the UNESCO Office in Phnom Penh jointly held here on Monday a ceremony to mark the first anniversary of the inscription of Tuol Sleng Genocide Museum Archives on UNESCO's Memory of the World Register.

The ceremony was presided over by H.E. Chuch Phoeurn, secretary of state at the Ministry of Culture, and Mr. Teruo Jinnai, UNESCO country

representative.

The Tuol Sleng Genocide Museum Archives include various documents showing the fate of over 15,000 prisoners who were held from 1975 to 1979 in the Tuol Sleng compound. The Archives include 4,186 'confessions' (many extracted under torture); 6,226 biographies of prisoners; 6,147 photographic prints and negatives of prisoners, demolished buildings, research activities, mass graves and remains of victims, as well

as photos of visitors.

These Archives constitute the most complete existing documentary picture of the Democratic Kampuchea prison system, a fundamental part of the regime under which about 2-3 million people (25-30% of the population) lost their lives in a period of 3 years, 8 months and 20 days.

The Tuol Sleng Genocide Museum Archives were inscribed on UNESCO's Memory of the World Register on July 31, 2009 in Bridgetown,

Barbados.

The Tuol Sleng's records are among the five Cambodian heritages being listed. The Historic Site of Angkor and the Preah Vihear Temple were inscribed as World Heritage Sites respectively in 1992 and 2008, while Preah Reach Troap Dance (Royal Ballet) and Lakhon Sbek Thom (big shadow puppet) were proclaimed masterpieces of Oral and Intangible Heritage of Humanity respectively in 2003 and 2005. —AKP

... so that to establish an ICC project for Preah Vihear like we did for ICC Angkor.”

The ICC is the foreign funded project, which aims for the Safeguarding and Development of the Historic Site of Angkor (ICC) was created in 1993. This Committee is co-chaired by France and Japan with UNESCO as acting secretariat. Its inaugural meeting in December 1993, assembling representatives of more than twenty countries and organizations, marked the first high-level international discussions on Angkor ever held in Cambodia itself.

H.E. Dr. Sok An, who is also Minister in charge of the Office of the Council of Ministers, said that the World Heritage Committee and World Heritage Center are pleased with the submitted by Cambodia since February this year the documents and reports about the management plan of Preah Vihear.

“They welcome the progressive steps made by Cambodia and they want

that to continue,” he told reporters.

“They highly valued with take note with satisfaction.”

“The World Heritage Committee therefore decided to consider the documents by the State Party (Cambodia) which means they approved what we have done with the management plan,” he said.

Deputy Prime Minister H.E. Dr. Sok An told reporters that Cambodia has done a lot of works for the developments of the Khmer Preah Vihear Temple.

The Southeast Asian nation established National Authority for Preah Vihear to ensure the Temple is preserved and conserved so that it will also attract more tourists in the future.

At least three roads—which linked from the Temple to east, west and northeast of the Temple—have been built.

The Authority also discovered a number of natural and ancient lakes, which are being restored, and at the same time the government established Samdech Techo Hun Sen Eco-Village, where some 700 houses are newly built covers 3,000 hectare of

land in Preah Vihear province.

“They highly valued the progress we have made. There was no single word in their documents says rejecting or postponing related to the Cambodian management plan of Preah Vihear,” Dr. Sok An said referring to the five key points decided by the World Heritage Committee which were jointly signed on July 30 by he himself, Thailand's Natural Resources and Environment Minister Suwit Khunkitti, and the chairperson of the World Heritage Committee, Brazilian culture minister, Joao Luiz Silva Ferreira.

The signed decision statement was also distributed in the meeting with the participations of 187 countries, Dr. Sok An said.

“So what the Thais delegation signed there cannot be removed”.

“Thais delegation is wrongly interpreting the decision and is lying to the Thais media,” he said.

H.E. Dr. Sok An, who led delegation to attend the said session from July 25 to August 3, said that delegations attended the meeting hailed Cambodian delegates after WHC's decision, of supporting the

Cambodian management plan of Preah Vihear, was made.

The 900-year-old Khmer temple of Preah Vihear was listed by the World Heritage Committee in 2008 in Canada, Quebec, as World Heritage Site.

Dr. Sok An said that Thailand has been used its secret and unilateral map, which never accepted by the international community.

The UN legal institution of International Court of Justice (ICJ) in 1962 ruled that: the Temple of Preah Vihear is situated in territory under the sovereignty of Cambodia.

The court found that Thailand is under obligation to withdraw any military or police forces, or other guards or keepers, stationed by her at the Temple, or in its vicinity on Cambodian territory.

Thailand is under an obligation to restore to Cambodia any objects of the kind specified in the Cambodia's fifth submission which may, since the date of the occupation of the Temple by Thailand in 1954, have been removed from the Temple or the Temple area by the Thai authority, said ICJ's Judgment. —AKP

**From page 4****Cambodia, VN Cooperate on drug...**

The Cambodian Deputy PM asked Vietnam to help Cambodia build a detoxification centre and share experiences in the treatment of drug addicts

in the community and families, as well as train medical experts for Cambodia.

Also on Aug. 10, the Cambodian guests met with Vietnamese Public Security Minister, General Le Hong Anh.

Minister Anh said that

cooperation between the Public Security Ministry of Vietnam and the Interior Ministry of Cambodia has been boosted in line with the 1997 Agreement on Cooperation in Crime Prevention and Fighting and brought about practical results.

The Vietnamese minister expressed his hope that in the future the two sides would closely cooperate in protecting national security and building a common border of peace, friendship, stability and development. —AKP

## Special Release

### Kingdom of Cambodia Nation Religion King

Office of the Council of Ministers  
Press and Quick Reaction Unit

N° 010/PRU/S/2010

#### STATEMENT

The Spokesperson of the Press and Quick Reaction Unit (PRU) of the Office of the Council of Ministers (OCM) is duty-bound to issue this statement informing the national and international public of the fact and the truth surrounding the latest development in the relations between Cambodia and Thailand, which is as follows:

- 1- As Samdech Akka Moha Sena Padei Techo Hun Sen, Prime Minister of the Kingdom of Cambodia has said recently Mr. Abhisit Vĳajajeva, Thai Prime Minister has spoken too much already about the relations between Thailand and Cambodia, and has carried out offending activities against Cambodia prompting Samdech Techo Hun Sen to take bold action to protect the Cambodian nation's supreme interests in conformity with international norms and practices.
- 2- Uncharacteristic of the leader of a government, member of ASEAN and the United Nations, Mr. Abhisit Vĳajajeva
  - Had joined Thai groups that behave as the enemy of Cambodia, namely the network of "Thai Patriots," the PAD (or the Yellow Shirts), even if his own government has banned the gathering under the Emergency Law, with the purpose of launching the campaign of intoxication threatening to revoke the 2000 MOU which is a legal and binding international document, and to take the Cambodian territory by force;
  - Had ignited time and again the tension with Cambodia, by saying that "the ruling by the International Court of Justice in 1962 only stipulated that Preah Vihear Temple belongs to Cambodia but the adjoining areas belongs to Thailand, MCOT online News";
  - Had flip flopped on the implementation of the MOU, especially on the demarcation activities of the Joint Border Commission on the Demarcation of Land Boundary (JBC), which Thailand has intentionally stalled the progress of the JBC works.
- 3- In response to the real military threat by Thailand, Samdech Akka Moha Sena Padei Techo Hun Sen sent very urgently two letters to H.E. Mr. Vitaly Churkin, President of the United Nations Security Council and to H.E. Dr. Ali Abdussalam Treki, President of the General Assembly of the United Nations informing them about the critical situation created by Thailand in the area of the border between Cambodia and Thailand, near the Temple of Preah Vihear.
- 4- Realizing that he had committed an offense of international proportion, Thai Prime Minister Abhisit Vĳajajeva turned around and shifted the fault to Samdech Techo Hun Sen by saying that "he (Samdech Techo Hun Sen) quotes a sentence from a newspaper report which are not my exact words."

From page 7

The spokesperson of the Press and Quick Reaction Unit of the Office of the Council of Ministers wishes to bring to the attention of the national and international public that:

- 1- Had it not been "his exact words", why Mr Abhisit had not requested the newspapers to correct and set the record straight, up to this date, and especially those "exact words of his" that have national security and international relations implications.
- 2- Each and every word said by Mr. Abhisit on the issues of the Temple of Preah Vihear, of the border line between Cambodia and Thailand near the Temple of Preah Vihear, of the threat to revoke the MOU 2000, of the threat to use military force, from different media sources in Thailand such as ASTV - ATNN online and the Nation aired and published on August 7 as well as the Thai language newspapers Matichon and Thai Rath published on August 8, 2010 have been recorded by the Press and Quick Reaction Unit (PRU). Are these very well-known media sources can be considered reliable or not? And had Mr. Abhisit would like to hear or read them, then the PRU would play and/or send them over for him.
- 3- Mr. Abhisit, by his own account, has demonstrated the total lack of credibility of the Thai media. In the meantime, if the Thai media is correct, it proves by this fact that Mr. Abhisit is a liar, a rogue with a very sophisticated manipulative mind.
- 4- Mr. Abhisit has played with words to project different intentions and schemes of Thailand's territorial ambition on Cambodian land in the area near the Temple of Preah Vihear, from "overlapping area" to "disputed area" and then to "Thailand territory".
- 5- Mr. Abhisit, by his own account, confirmed that Thailand, between 1975 and 1979, had drawn a new frontier line carving "an area of 4.6 sq km" well deep inside Cambodia, on a mysterious, unilateral and not internationally recognized map, the same way as the Nazis under Hitler and the Fascists under Mussolini had perpetrated during World War II when they wanted to invade and occupy foreign lands.

In summary, the Spokesperson of the PRU of the OCM wishes to reiterate once again, that the Abhisit Vejjajiva government has intensified the campaign of intoxication lately, trying to prepare the local and international public opinion to accept Thailand's use of force against Cambodia. It is to avoid bloodshed and sufferings of the innocent people, Cambodians and Thais that Samdech Akka Moha Sena Padei Techo Hun Sen, Prime Minister of Cambodia sent the letters to the UN and also asked for the international conference to resolve the issue of the border between Cambodia and Thailand, but he has the wisdom to know that Thailand would not dare to accept it, and would insist to use bilateral means to solve the problem, a scheme to use Cambodia as Thailand political hostage in the indefinite political squabble inside Thailand.
